

Pillow Menu

In order to provide you with a perfect sleeping experience, you can choose the most comfortable sleeping pillow for you from our “pillow menu”.

Swiss Stone Pine Pillow

The wood ingredients of Swiss stone pine stimulate well-being and health. The scent of pine essential oils improves the quality of sleep and increases the body's ability to recover.

Swiss stone pine is a species from the pine family, native to the Alps. In addition, the stone pine has antibacterial effect, can relieve pain and prevent tension.

Herbal Pillow

Our herbal pillows are made from a blend of four native herbs. Nettle, lavender, calendula and chamomile help you fall asleep and have a calming and anti-stress effect.

At the same time, each of the herbs has a special effect on the human body. Especially the lavender and chamomile are known for their calming effect, which can be very helpful for people, especially in case of tension and restlessness.

Gemstone Pillow | Stone Therapy Pillow

Precious stones have been attributed positive effects since human thought. Our pillow with rose quartz and rock crystal are designed to relax you and recharge you with new energy while you sleep.

Rose quartz is a healing stone that strengthens the organs and can help with both physical and emotional ailments. The rock crystal stands above all for vitality and dissolves internal blockages.
